No Show Policy

We take pride in treating our patients in a timely manner. Everyone's time is important, yours and ours. You will be allowed to set aside time frames, appointments, that are acceptable and at your convenience. In the event that a patient fails to show for a scheduled appointment without giving our office a proper notification, a rescheduled appointment can be given only after a patient pays a thirty dollar (\$30.00) deposit. Failure to show for rescheduled appointments, without notifying our office, will result in the loss of the deposit. Further abuse of our "no show" policy, can result in your noncompliance to complete recommended treatment, and loss of privilege to be treated in our office.

Thank you for helping us serve you better.
